SUMMARY

Software developer and Odoo consultant with five years as the IT technician and developer at a Puerto Rico supermarket. I was the store's point of contact for its Odoo 18 implementation with PSI Software, an official Odoo partner, and prepared the 10,000+ product catalog for the migration. I also build the production web apps around it. B.S. in Computer Science (2026). Fully bilingual in English and Spanish.

EXPERIENCE

IT Technician and Software Developer — ***Oct 2021 to Present***

"El Mejor" Supermarket (Mega Fresh Carolina), Carolina, Puerto Rico

- Store point of contact with PSI Software, an official Odoo partner, for the Odoo 18 implementation covering inventory, sales and point of sale.
- Prepared and migrated a normalized database of 10,000+ products with multiple attributes each.
- Built and maintain the store's website and a digital signage system that runs nine in-store TVs.
- Supervise staff and daily store operations; provide day-to-day support for computers, point of sale and Odoo.

Software Development Intern — ***Feb to Jun 2025***

Department of Economic Development and Commerce of Puerto Rico (DDEC), IT Department

- Administered agency-wide Microsoft SharePoint sites; resolved IT tickets and debugged existing code.

Software Development and Project Management Intern — ***Apr to Sep 2024***

Office of Management and Budget of Puerto Rico (OGP), IT Department

- Helped design software that connects to Oracle databases and web APIs.
- Made training videos that staff still use to learn an important administrative system.

Vice President, Secretary and Project Manager — ***Aug 2024 to May 2026***

Computer Science Student Association (AECC), University of Puerto Rico at Bayamón

- Organized events for 50+ students on algorithms, programming and teamwork; ran a recruitment drive that brought in 100+ members.

PROJECTS

Odoo 18 Implementation — ***Odoo 18 · Python · SQL***

- Moved the store's inventory, sales and point of sale onto Odoo 18 with PSI Software, backed by a clean 10,000+ product catalog.

Mega Fresh Ad Hub – showcase — ***Node.js · React · SQLite · Docker***

- Digital signage in production on nine in-store TVs: scheduled playlists, a cashier panel for live menu boards, and a promo card maker that prints cut-ready shelf cards. Tests and CI on every push.

superelmejor.com – showcase — ***HTML · CSS · JavaScript · PHP***

- The store's Spanish-language website: 155 weekly specials with photos, a flip-through shopper, and a TV mode used on the store's screens.

HomeLab — ***Proxmox · PostgreSQL · Docker · Tailscale***

- Odoo 18 on PostgreSQL with separate dev and production-style databases, n8n automations, Caddy, Pi-hole and Uptime Kuma, reached through Tailscale with no open ports.

Inventory Optimizer — ***Python***

- Scores products on demand, margin and turnover and fills limited shelf space as a bounded knapsack problem with dynamic programming.

SKILLS

Odoo and ERP: Odoo 18 (Inventory, Sales, Point of Sale), data migration, process analysis, user training, n8n
Languages: Python, JavaScript, SQL, Java, PHP, HTML and CSS, Kotlin
